

Table - Adjusted timetable (Gantt table) for actions taking into account the project extension and execution until 31/04/2021. Summary of the foreseen (grey) and actual (orange) progress for each action; X - Progress report; O - Midterm/Final Report.

	Action	20	15		20	16			20	17			20	18			20	19			20		20	21		
Action	Name of the action		3 T	4 T	1T	2T	3 T	4 T	1T	2T	3T	4 T	1T	2T	3 T	4 T	1T	2T	3 T	4 T	1T	2 T	3T	4 T	1T	2T
	Overall project Schedule	Proposed Actual			X						X X			0				X X					X	0		О
A. Prep	nent plans	and/o	or of a	actior	ı plaı	ns																				
A.1	Completing and updating of baseline characterization	Proposed Actual																								
A.2	Compilation, structuring and implementation of national database and multi-user web platform	Proposed Actual																								
A.3	Project implementation, licensing, procurement of permits and contracting procedures necessary to actions C	Proposed Actual																								
A.4	Development, testing and evaluation of automated systems of monitoring and / or deterrence	Proposed Actual																								
A.5	Installation of autochthonous plant nursery for conservation actions	Proposed Actual																								
A.6	Development of prototypes for avifauna deterrence in medium voltage power lines	Proposed Actual																								
A.7	Development and adoption of internal guidelines to support post-project management	Proposed Actual																								
C. Con	crete conservation actions																									
C.1	Integrated mitigation of connectivity reduction and landscape permeability by national roads and other main roads	Proposed Actual																								
C.2		Proposed																							L	

	Action		20	15		20	16			20	17			20	18			20	19			20	20		20	21
Action	Name of the action		3T	4 T	1T	2T	3T	4T	1T	2T	3T	4 T	1T	2T	3T	4 T	1T	2T	3 T	4 T	1T	2T	3T	4 T	1T	2T
	Potentiation of verges and other road marginal patches as shelter, food and / or corridors	Actual																								
C.3	Development and installation of	Proposed																							<u> </u>	
	vertical road traffic signs	Actual																						\square	<u> </u>	<u> </u>
C.4	Mobile app to promote roadkill data	Proposed																								
	collection	Actual																								
C.5	Test of devices for deterring bird	Proposed																								
	landing in medium voltage power lines	Actual																								
0.6	Development, testing and application of biodiverse seed mixtures to promote	Proposed																								
C.6	plant biodiversity in the surroundings of linear infrastructures	Actual																								
C.7	Mitigation and potentiation measures in	Proposed																								
C.7	Évora municipality routes	Actual																								
C.8	Mitigation and potentiation measures in	Proposed																								
C.0	Montemor-o-Novo municipality routes	Actual																								
C.9	Plant nursery operation for	Proposed																							L	
C.)	conservation actions	Actual																								
C.10	Promotion of biodiversity "islands"	Proposed																							L	
C.10	along powerlines paths	Actual																								
D. Mon	itoring of the impact of the project actio	ons																								
D.1	Monitoring / evaluation of socio-	Proposed																								
D.1	economic impacts of the project	Actual																								
D.O.	Monitoring / evaluation of the project	Proposed																								
D.2	impacts on ecosystem functioning	Actual																								
D 2	Monitoring / evaluation of project	Proposed																								
D.3	conservation actions effects / impacts	Actual																								
E. Publ	ic awareness and dissemination of resul	ts																								

	Action		20	15		20	16		2017					20	18			20	19			202	202	21		
Action	Name of the action		3T	4T	1T	2T	3T	4 T	1T	2T	3T	4 T	1T	2T	3 T	4T	1T	2T	3T	4 T	1T	2T	3T	4 T	1T	2T
F 1	Communication Plan During Website	Proposed																								
E.1	Communication Plan - Project Website	Actual																								
E.2	Communication Plan -	Proposed																								
	Placards/Outdoors in intervention areas	Actual																								
E.3	Communication Plan - Public disclosure sessions and contacts with	Proposed Actual																								
	the media	Proposed																								
E.4	Communication Plan - Complementary works and materials	Actual																								
	Awareness and integration of the	Proposed																								
E.5	academic community in data/information collection	Actual																								
ГС	Training / dissemination among	Proposed																								
E.6	stakeholders	Actual																								
E.7	Networking with other LIFE and non-	Proposed																								
12.7	LIFE projects	Actual																								
E.8	Young and institutional volunteer	Proposed																								
	program	Actual																								
E.9	Technical seminars for presentation of project developments and results	Proposed																								
	"Adopt a road", environmental	Actual Proposed																								
E.10	educational/awareness program with local schools	Actual																								
F 11		Proposed																								
E.11	Layman report	Actual																								
F. Proje	ect management and monitoring of proj	ect progress	S																							
F.1	Project management	Proposed																								
	1 Toject management	Actual																								
F.2		Proposed																								

	Action					2016				2017				2018				2019				20		20)21	
Action	Name of the action		3T	4 T	1T	2T	3T	4 T	1T	2T	3T	4 T	1T	2T	3T	4 T	1T	2T	3T	4 T	1T	2T	3T	4 T	1T	2T
	Structuring and compilation of project development indicators	Actual																								
F.3	Entamal audit	Proposed																								
Г.3	External audit	Actual																								
F.4	Post-LIFE conservation and communication plan	Proposed																								
г.4		Actual
